Bureau of Land Management

Making Effective Comments

Comments must be provided by August 2, 2018.

Submit comments online at <http://goo.gl/o2AQWQ>

This is an opportunity for you to be involved in the decision-making process and to offer your input on the information, alternatives, and analyses within the Draft EIS.

The most helpful comments will contain:

- Provide specific and detailed text changes. Include the section, management action or page number to help us find the exact location of the subject of your comment. Clearly identify:
- Where the issue or error is located
- Why you believe there is an error
- Alternative ideas to address the issue/errors
- Provide constructive solutions with documentation or resources to support your recommendations.
- Include any knowledge, experience or evidence as it relates to your observations and comments.
- Avoid vague statements or concerns. These don't give the BLM something on which to act.

Form letters are generally less helpful because they do not provide new information, suggest new methods, or offer new sources of credible information.

If you have questions, please contact Quincy Bahr, Branch Chief of Planning, NEPA and Environmental Coordination at 801-539-4122.

Thank you for your interest and participation in the BLM planning process.
